Ghent, 1 Mai 1897.

To our Correspondents.

DEAR SIR,

The great success which has attended my exportations to all parts of the World, has led to an immense increase in this department of business, and I beg to tender my heartiest thanks for the patronage accorded to me.

As I resided several years in the United States I am able, better than any one, to know the wants of the American florists about the quality as well as the variety.

The experience I got by doing large business with your important country will be, no doubt, a guarantee to justify your confidence.

I am fully prepared to execute orders for plants to any extent.

Any orders entrusted to my care will be packed in the best possible manner and dispatched with the most expeditious route to any part of the globe.

I have the honour to send you herewith the Pric-list of the different Kinds of Plants, which are especially cultivated for the trade of United-States of North America.

Accounts are due nett 3 months from date of invoice 5% discount for payments made within 14 days of receipt of goods.

It is my invariable custom to draw on those of my customers whose accounts may not have been settled within that time.

Orders from unknown correspondents should be accompanied by a remittance or satisfactory references.

Hoping the good condition in which I am able to furnish my plants will lead to a trial order of your part, I am

Yours respectfully,

ARTHUR DE MEYER.

Cabel grams: DEMEYER Florist Ghent.

Package and carriage expenses as well as risks of every description are to be born by the purchaser as every possible care is taken in packing to insure safest arrival of the Goods. — All shipments abroad are insured.

INDIAN AZALEAS.

My general collection of Azaleas Indica consist of the most disticnt floriferous and commercial varieties. My plants are always of perfect shape and well budded. Ie can supply the principal kinds in large quantities. About 50.000 plants of Indian Azaleas are grown every year at the commercial nuseries.

Selection of varieties being left by my self.
